MEMORANDUM FOR: Acting Chief, Special Security Center
Office of Security

STAT

FROM:

Assistant for Information, DDA

SUBJECT: Draft Revision of DCID 1/7

REFERENCE: Your routing sheet dated 3 January 1979 re
same subject

Members of my staff have reviewed the draft revision of DCID 1/7. In general, we find it to be a much improved and acceptable document. The only specific recommendation we would make would be the following rewrite of paragraph 7b to clarify the use of portion markings:

"The control markings authorized above shall be shown on the title page, front cover, and other applicable pages of documents, incorporated in the text of electrical communications, and associated with data stored or processed in automatic data processing systems. The control markings also shall be indicated by parenthetical use of the marking abbreviations at the beginning or end of the appropriate portions. If the control markings apply to all portions, the document may be marked with a statement to this effect rather than marking each portion individually."
